The Shooting is Over
No Issues, Only Officers
The Wringer Problem
No Mortgage Moratorium
By Arthur Brisbane

CHICAGO, ILL., June 17.—The shouting and voting, nominating and endorsing, parading and singing, denouncing, roasting and pretending, are over until 1936. As for the Republicans, it is Hoover and Curtis, nobody else had the faintest chance at the head or tail of the ticket.

A week from next Monday Democrats begin their nominating and endorsing, and later the fight will be on. Next January nobody will remember much about it.

Henry Ford, who says convention issues did not amount to much, is right. There was a prohibition fog, most carefully ignoring in speech of everything that men discuss in private, depression, crime, racketeering.

Luckily, as Mr. Ford says, "conventions can't give the people anything and they can't take anything away from the people." Everything depends on what the people themselves are, not on the particular individuals chosen to hold office.

There is a problem in this coming election that Republicans perhaps have not sufficiently considered. It is the problem created by those that "have been in the cleaners," or, as others express it, that have been "put through the wringer." The writer talked yesterday morning to one fresh out of the wringer, just back from the cleaners, as thoroughly wrung out and dry cleaned as are many in the whole depression.

He is just one of the people who have just turned back my last 17 to the original owner after paying all I had left on them. There are thousands of people around here who are nothing of their investments. If the government had worried half as much about us as it has worried about Europe, we should be much better off.

"They gave Germany and other Europeans a moratorium on their debts of billions. Why don't they give us a moratorium on our small mortgages?"

It does no good to tell such a man, fresh from the cleaners, that for Europe to go bankrupt would be desperately dangerous for the United States.

He is not interested in Europe, but in the 17 lots, lost by him, and in banks that failed, taking my savings of a life time.

Six or eight million men out of work are not the only Americans that should make Republicans thoughtful.

The army sent in the cleaners presents a problem. Congratulations to the publisher of Christian Science Monitor on the devotedness of agents that sell his paper in Chicago. In front of the Blackstone Hotel the lady who sold the Monitor is dressed in the height of fashion. Silk stockings, hair, eye completion, pleasant smile if not a paper, just as plain as if you don't see it.

In front of the Union Railroad Station, a young man is selling the Monitor. He, like the lady near the hotel, has a fine demonstration. Well dressed, efficient, polite, a fine salesman. You are tempted to give him importance in their eyes by telling them, "I was one of Mr. Eddy's pallbearers." But while it is true, any suggestion of death is "unseemly."

Ramsay MacDonald, at Lancaster, lets it be known that "the United States has encouraged us to believe that it will aid us. He does not say in what. The United States is expected to "cancel its share of the war debts." If that doesn't happen, Europe will probably cancel them for us.

Crime here writes its usual daily chapter. Gangsters ruled San Har's roadblock called "The Delta." In a gun battle one man is killed, two are wounded and a woman wounded, and a gambling scene in "The Delta" is revealed out in the country. Three hundred customers were disturbed by the killing. The gangsters were arrested by a \$15,000 "bankroll."

Fathers' Day is approaching, and on a neatly printed pamphlet the Western Union Telegraph Co. offers a selection of telegrams that you may send your father on a special Fathers' Day bank.

A sign invites you to examine the Fathers' Day message, choose and send the one you like best.

ROBINSON ARRESTED FOR PROSPERITY

FIGHT LED BY BROOKHART FOR VETS

Robinson, Indiana Republican, Joins in Demand for Payment of Just Debt

Washington, June 17 (INS).—One of the strangest scenes in American history was enacted here today as the Senate began a debate that may crush the hope of thousands of World War veterans for immediate cash payment of their \$2,400,000,000 adjusted service certificates.

While the Senate opened its formal debate within its tiny, richly appointed chamber, thousands of the interred veterans held a convocation of their own, out under a cloud in the Capitol grounds.

Inside the Capitol they crowded the Senate galleries and just outside the door, were sitting, orderly enough, on the floors.

TANKER BLASTS TAKE 23 LIVES
Drops Dead as He Wins \$15 Court Case

Montreal, June 17 (AP).—A series of explosions tore the oil tanker Cymbeline wide open in Montreal harbor today and brought death to an estimated total of 23 men and injuries to 63.

Flaming oil shot 100 feet in the air when the first blast occurred as 100 workmen were rushing repairs on the Cymbeline in the great Victoria drydock.

Fire Chief Raoul Gauthier, former president of the Dominion Fire Chiefs' Association and known throughout the Dominion, was killed with four of his six men.

CAPONE'S FOE
Jailed Czar's Old Enforcer Is Hunted; Police Slay Three Kidnapers in Ambush

Chicago, June 17.—Frank Nitti, whose firing squad enforced harmony in the old Capone II gang syndicate, was sought today for the machine gun assassination of George "Red" Barker, who appeared at the inquest.

It was Nitti, police said, who organized the "second floor front" racket which accounted for the death of Hyman Weiss, Joe Alois and other enemies of Capone from the Chicago gang wars.

Nitti, one of Capone's earliest henchmen, was 40 years old, a native-born Italian, and a member of the Italian-American community.

The killing of Barker, it was feared by the police, may signalize when the gangsters attempted to prevent the killing of Barker, three extortionists were slain in a gun fight with police as they attempted to kidnap Morris Schechter, a gambler.

The shooting occurred in Schechter's bookmaking establishment when the gangsters attempted to drag him from the place after he refused to pay \$25,000.

Schechter notified Pat Ryan, chief investigator for the State's attorney, when he received the demand for the cash and when the extortionists arrived today, they walked into a police trap.

Barker's assassination was one of the most spectacular in the history of Chicago gangland and was the first major underworld execution since Capone was taken to Atlanta Federal penitentiary.

W. R. Hearst Urges Positive Action on Prohibition Issue

If the Republican convention had met six months ago, it would probably have adopted a straightforward prohibition plank. If it had convened one month ago, it would probably have adopted a simple resubmission plank.

Convening as it did at a time when there was every evidence of the complete failure of the policy of prohibition, and every evidence of widespread defection on the part of former supporters of the policy, the Republican convention has been forced into adopting a fairly liberal plank on the prohibition issue.

The plank, however, is not clear and it is not sufficiently constructive. It will generally be regarded as an attempt to straddle the issue, and a not very successful attempt.

Of course it means nothing in the way of immediate remedy. But it means a definite recognition of the failure of the main purposes of prohibition, and a definite commitment towards some sort of more effective temperance policy.

A SIMPLE and positive declaration in favor of the repeal of the Eighteenth Amendment would have meant nothing in the way of immediate remedy either.

Such a plank the Democratic convention will probably adopt. While that will be more satisfying to public sentiment, it will not particularly expedite the process of repeal.

In order to put either the Republican plank or a definite repeal plank into operation, the Eighteenth Amendment must be modified. And to change the Eighteenth Amendment in

CROWDS NEAR AS 2 BANDITS ROB TRIO AT GUNPOINT

Manager and Two Clerks of a Washington St. Store Forced by "Customers" to Give Up

While throngs of holiday shoppers walked by the door, two gunmen held up three employees of the Regal Shoe Co., Washington st., near Army st., today and escaped with \$225.

Charles J. Coblenz, manager, who was forced in the back room with Raymond Day, assistant manager, and Paul Holt, a clerk, said the gunmen had bought a pair of shoes about an hour before the holdup.

They returned and asked that the shoes be rewrapped because of the rain. They then asked a purchase of socks and while Coblenz selected the socks, the other men entered the store for a survey of the sidewalk.

"Everything is O. K.," the bandit replied. Both bandits whipped out blue steel revolvers, Coblenz pulled, and ordered the three store employees into the rear of the store, with a warning to stay there 5 minutes. The money was taken from the till.

Coblenz said one of the youths was from the other St. Louis street sweeper of the round "creek neck" variety. He could not say whether the pair had in an automobile or mingled with the crowd on Washington street.

Police flashed descriptions of the men on the teletype.

YOUTH DEAD IN BANKER SMITH CANTON CRASH

Edward R. Tracy, 22 son of former Mayor John R. Tracy of Taunton, was killed instantly, and Rudolph Parrow of Westfield, R.I., was seriously injured in a head-on automobile collision in Turpike at Canton today.

Tracy, according to the police, was operating his automobile when it collided on the wet roadway, crashed into a state highway truck and turned over three times in the roadway.

So terrific was the impact that Parrow was thrown out of the machine. Tracy, pinned behind the wheel, was crushed to death.

JORDAN MARSH RECORD AD

The greatest single newspaper advertising effort in the history of the Jordan Marsh Co. basement store is being carried by the Boston Evening American today. This concentration comprises all full pages of advertising.

The Jordan Marsh Co. basement store is one of the largest in the United States, covering more than three acres of floor space. It is owned and operated by George W. Milton, chairman of the board of directors.

This event has been carefully planned in order to bring the greatest value in years to New England housewives, according to company officials.

In selecting the Boston American as the medium for this effort, Jordan Marsh officials concentrated upon this newspaper because of its advertising success and because of its dominating evening circulation.

2 ASSASSINS SHOT FOR PLOT ON LIFE OF DUCE

SOCIETY AT WEDDING IN HYDE PARK CHURCH

CAPONE TOLD 'ALL WELL' AS GUNS ROAR—GIBBONS

FIRING SQUAD RIDDLE THEM IN BACKS

One Had Confessed 13 Bomb Outrages; Other Laid in Wait to Kill Mussolini

Rome, June 17 (INS).—Two confessed plotters against the life of Premier Benito Mussolini were executed at dawn today. They were bound astride chairs and shot in the back by a firing squad of 20 men who stood about 60 feet away.

Just as the first rays of the sun appeared on the horizon, Domenico Bonomo, who confessed to more than 13 bombings in recent months, was led out of his cell into the inner compound of Fort Bravetta. His executioners solemnly prepared him for death, and the signal was given at 3:16 a. m.

Twenty-one minutes later a volley was fired into the back of a younger man, Angelo Sbardulotto, who was arrested two weeks ago as he lay in wait for the Premier intent on killing him with two bombs.

Walking to the death chair, Bonomo repeated: "I beg forgiveness of all and forgive those who have done me harm. I am glad to die in the Christian faith."

His prayer constantly until the bullets shattered his spine and crashed into the back of his head. Sbardulotto, however, said: "I ask pardon of no one, not even of God."

He slept all night and asked for a cigarette when he was awakened. He also asked for a plate of macaroni, but did not get it.

At the second volley was fired by the firing squad, the platoon commander shouted "For Benito Mussolini!" after which the signal and the 500 guards gave the Fascist cheer: "Eia! Eia! Eia! Alai!"

BARBER STRIKE NEARS END
Predictions that the barbers' strike would end by tomorrow were made last night by Charles Campbell, secretary of Journeymen Barbers' Union 326, and Charles E. O'Donnell, secretary of Barbers Union 132.

These views were reported by both secretaries at a joint meeting last night at Walter Memorial building. Agreements were signed with all the down town shops with the exception of two. According to Secretary Campbell, 200 barbers who quit work Wednesday morning will be back at their chairs today.

GIRL SEES HER ATTACKER HANG
Hardinsburg, Ky., June 17 (AP).—Five thousand persons watched in silence as Sam Jennings, 28, a Negro, was hanged shortly after sunrise today for an attack on Miss Mabel Downes, 26.

Watching from 20 feet away, was Miss Downes and her father, E. P. Downes.

Jennings protested his innocence. Jennings protested his innocence.

Whip, Hang Means, Plea of Blanton

Washington, June 17 (AP).—Two days of whipping and then hanging was urged in the House today by Representative Blanton (D., Texas, for Charles B. Meese.

As discussion of a Federal kidnapping bill began, Blanton said: "They ought to put a whipping post outside this capital, tie him up in it and whip him for 48 hours. And then they ought to hang him."

Means has been sentenced to 15 years' imprisonment for obtaining \$100,000 from Mrs. Evelyn Walsh McLean.

Cripple Starved to Death by Kin 'to Drive Devils Out'
Baltimore, June 17 (AP).—Police today pieced together a story of the starving to death of a 26-year-old cripple by his mother and brother, "to drive out devils that possessed him." The body, kept on a couch in their home, was found yesterday.

A diary kept by the brother recorded that death occurred April 4 and predicted that "he will arise from the dead" June 21.

The cripple, Grant Aubel, was found by officers investigating his disappearance, reported by neighbors.

The mother, Mrs. Annie Aubel, 35, who a few days before had

OHIO CITY PLANS TAX ON BEER

Youngstown, O., June 17—City officials of Youngstown are seeking a way to tax beer and liquor-making stores to meet a financial crisis caused by low tax collections.

From 50,000 to 100,000 bags of corn sugar, which with malt, may be taxed, are sold in the city each year, says Mayor Moore.

This action follows an Ohio Supreme Court decision upholding a Cleveland ordinance regulating sale of corn sugar. The ordinance provides a license fee.

The mother and brother said they had given Grant food only once since March 29 because the Lord told us to starve him to drive out the devils.

Paul said that on April 3, "the Lord told me to bind him hand and foot and cast him into the darkness. I tied his hands and feet but he chewed the strings and I tied him again. He died the next morning."

Portland, Me., June 17 (AP).—Portland reechoed today with gleeful shouts as World War veterans from everywhere in New England gathered for the annual convention of the Y. P. Association and held impromptu reunions with their former buddies.

A 25-gun salute from the coast defense batteries at Fort Williams greeted the early comers who poured into the city by automobile, train and bus.

Two naval vessels, the destroyers Rabbitt and the British light cruiser H. M. S. Danae, sailed into the harbor to contribute their part to the welcome.

LaGuardia quoted newspapermen the plank beginning "we believe in the principle of high wages."

"I had been so," he said, "when Representative Smith, the Republican leader, returned, he should strike the wage cut for Federal employees out of the economy of the Building Trades Council."

The Republican extended over a period of six weeks, during which building activities were suspended at a cost of more than \$100,000,000.

With Legion Women

With the Candid Camera

By CANDID CAMERA

What wonderful people I met at Swampscott. All ladies—no men. Great spot for good camera work. The American Legion Auxiliary, Department of Massachusetts, is in convention. The last things will be on Saturday. Seven hundred delegates are at hand.

Of course, I had to get the best. Here she is—Mrs. Emma F. Lovejoy, Melrose, president of the Auxiliary. She was reading telegram from the general chairman of national convention in Portland, Ore.

Miss Anna M. Maltrud, Fall River, secretary (on the left), was talking convention business with Miss May L. Mahoney, Rockland, state treasurer.

Reading holy writ. I just could not help getting this interesting pose of Mrs. Elizabeth C. Collins, Danvers, chaplain who was seated outside the Ocean House.

How she knows the history of the Legion Auxiliary in this state! She is Mrs. Grace E. Kyrner, New Bedford, historian of the Department of Massachusetts.

RASKOB NAMED IN FOX THEATER STOCKS POOL

Washington, June 17 (AP)—Testimony that John J. Raskob, Democratic national committee chairman, participated in a short-term pool in Fox Theater stock that made a profit of nearly \$100,000 was given the Senate banking committee today by William A. Glass, committee counsel.

Raskob was named as a participant along with William Fox, former head of Fox Film and Fox Theater Corporation, in the committee investigation of the New York Stock Exchange.

William F. Kery, M. S. Elizabeth Menden, Joseph E. Higgins, Randolph K. Smith, Walter P. Chrysler, and Nicholas F. Brady were others named.

Raskob, Chrysler, Brady and Fox were described as the largest participants having around a liability of \$750,000 each.

The participants in the pool were named by Glass after Dennis Walden, R. C. C. asked him directly who they were.

The pool was described as operating in 1929.

It was to have been called upon in early 1930, but was absent because of illness.

Boston Leads Nation With Birth Rate Drop of 22 Per Cent

New York, June 17 (AP)—Birth and death rates are declining in large cities of the world, with the birth rate falling off more rapidly.

In a statistical survey the Metropolitan Life Insurance Company reports the birth rate declined last year in 38 of 42 American cities considered. In 21 of the cities the drop was more than 5 per cent. For the same cities the death rate declined 2.2 per cent.

Boston suffered the sharpest decline in birth rate, a drop of 20 per cent. Detroit was second with a drop of 17 per cent. It would be more than 6 per cent in Pittsburgh, the city with the country with a birth rate of more than 20 per thousand.

BRIDE, 19, ENDS LIFE IN LEAP OF 250 FEET

Alpine, N. J., June 17 (AP)—A plunge of 250 feet over the Esplanade was fatal to Jessie Rossberg Lipowitz, 19, of Hackensack, the six months bride of Barney Lipowitz, 19, of Paterson, student at New York University.

A note to her husband read: "The police theory that I committed suicide. The note read: 'Forgive me, honey. I love you, but I'm just a mortal wreck. I can't take it. Barney, darling. It is not because of you. You have been the finest thing in my life. I am not worthy of you, dear.'"

Another note found in her pocket gave the name of the address of her father, Gustav Rosenberg of Hackensack, a late in-law of Mrs. Lipowitz, who was on the board of the Jersey National Bank.

Mrs. Lipowitz was a graduate of the Esplanade school in Hackensack, N. J., and her father knew of the marriage.

BONUS ARMY AT REST—READY FOR LEADERS' TALK

Time for hearing speeches. These jobless World War veterans had answered the bugle call to assemble at Camp Bonus in Anacostia Park, Washington. Kaw Indians Will Whoop for Curtis

Lawrence, Kan., June 17 (AP)—Mrs. Lura Tush Eads, chief of the Kaw Indians, will whoop for the re-nomination of Vice-President Charles Curtis, through whose veins runs the blood of the haws.

"All of us have realized the honor," said Mrs. Eads, "that my cousin, you know, a fine man and deserving of his high position. My boy is named after him." She pointed to two-year-old Curtis Eads.

"The haws will have a big celebration at their Washington (D.C.) reservation," she said.

DR. BUTLER TO HIT DRY PLANK

New York, June 17 (AP)—Dr. Nicholas Murray Butler, of Columbia University, leading Republican, announced today that he plans to study carefully the Republican resolution plank and then issue in a formal statement his own views.

Dr. Butler made this declaration upon his arrival here from Chicago, where he had urged upon the convention adoption of a straight re-pledge plank.

He had dubbed the plank accepted as a "weak compromise" and "a mixture and waste attempt," it pleased everybody.

Hoover Victory Bagged by Self Hypnotized G. O. P.

By Arthur ('Bugs') Beer
Chicago, June 17

Mr. Hoover won the straddle Olympics.

He was nominated by Mr. Scott of California in a magnificent outburst of verbal applause.

It was an inspired address.

Inspired by the national committee.

Mr. Scott has eyebrows like the hanging gardens of old Babylon. He has a voice that can nominate a man in Chicago and call all the hogs in Iowa at the same time.

He read his speech from the Republican pulpit.

Mr. Scott told of the glories of the good old days when men were men and there were no investigations. He spoke of how Theodore Roosevelt stormed the rocky pinnacles of Ticonderoga, how Mark Hanna burned the frigates Philadelphia at Tripoli and how Rosa Penrose suffered at Valley Forge.

Mr. Scott spoke of everything except the subject.

Mr. Scott was like the lawyer who defended the old colored man accused of commanding poultry from a beachside situated in Anacostia, hard by the District of Columbia.

The charge was stealing chickens. The lawyer arose and brayed a testimonial bellows that would have curled a frozen pumpkin. He told how the prisoner's ancestors had once been happy and free in the jungles of Africa.

The jury heard how Yankee slaves had brought them to America against their will. How they worked until freed by Lincoln. Then he went on an oratorical tour that dragged in the Rocky Mountains by the heels. He stopped to refuel on the sunny strands of the Red Sea and lighted his pipe on the Aurora Borealis.

It was beautiful. But just as he was zooming with the cherubim and the seraphim over the white

SENATORS FIGHT G. O. P. SUPPORT OF LEAGUE

Washington, June 17 (AP)—Disaffection was expressed in senatorial circles today with the Republican platform's endorsement of the League court.

A majority of leading Republican senators are opposed to the court proposal and disapprove the approval carried in the Hoover-dictated platform.

Senator Glenn of Illinois, an administration stalwart, said he had not heard anything of the plank until its adoption. He added:

"I am opposed to the court. I think the American people are opposed to our participation in it. The Republican party generally has been against entangling our affairs in those of Europe and for that reason I think it is a serious mistake on the part of the party managers who permit such a plank to be adopted."

Senator Robinson of Indiana was generally critical to defend the administration on most questions.

"The Republicans have only ten votes indicated their disapproval of our meddling in European affairs. This is a foolish move and is a violation of every tradition of our party. I cannot accept that part of the party platform."

Mr. Oppenshaw of North Dakota, said:

"I think this is a serious blunder. I am more against the League of Nations and its court than ever before. The recent fiasco in the League of Nations in handling the Japanese situation, and the abject political defeat of the cause in the Austro-German tariff union case should be illustrations sufficient for anyone to demonstrate that we should not be in such a body."

Others who disapprove of the plank include Senators Johnson of California, Patterson, Missouri; Waterman, Colorado; Shortridge of California, Schall, Minnesota, and Clegg, Nebraska.

'LADY' BARRED LOVE SUIT

New York, June 17 (AP)—Decision was reserved today in the un-defended divorce action brought by Mrs. Elsie Bartlett Liveright against Horace Liveright, publisher and producer.

Mrs. Liveright, an actress who formerly was the wife of Joseph Schildkraut, actor. She said she and Liveright were married in Newark, N. J., on December 9, 1931.

John M. Tierney, sitting as special referee in Supreme Court, took one witness to task for referring to a woman alleged to have been found in Liveright's apartment as a "lady."

Referee Tierney's remarks as to the propriety of describing the woman as a lady follow:

"This is not an admission, but a suggestion. Woman is the proper name of the female of the species and is so described in the Bible."

When Christ journeyed from Nazareth to Galilee he addressed his sacred mother as woman. Such persons as Henry VIII and Louis XIV had mistresses who were called ladies, but this is not the custom in America.

"In America a lady is a person who has performed some distinguished public service. I object to the use of her of the word lady."

DE VALERA FOR ERIN REPUBLIC WITH KING

London, June 17.—Eamon De Valera's aim is a united Irish republic with King George as its head, J. H. Thomas, secretary for dominions, said Parliament today.

Mr. Thomas said the Irish president told him while he was in Dublin last week that the republic which Mr. De Valera envisioned would include Ulster and would be "called, understood and accepted as a republic."

"However," said De Valera to Thomas, "there might be certain circumstances in which the whole of the British Commonwealth would act as a unit for external purposes, and then His Majesty the King would be recognized under those circumstances as the head."

Thomas concluded with an appeal to De Valera to consider the fact that the King would be the head of the British Commonwealth.

PEOPLE CHALLENGED

Thomas challenged the Irish people to make a decision.

"They are either part of the Commonwealth, accepting its responsibilities, or they are not," he cried.

He intimated that "grave consequences" would follow if De Valera's present policies are continued.

"Whatever the consequences may be," he warned, "we shall not have countenanced the breaking of an agreement."

De Valera Stands Firm on Land Annuities Arbitration

Dublin, Irish Free State, June 17.—Eamon De Valera said today that the Irish Free State would not accept arbitration to consider payment of the Irish land annuities to Great Britain.

"We mean to hold this money," he said, "until Britain establishes her right to it. We mean to get this issue before a court in which there can be no suggestion of any loading of the dice against Ireland."

KNOCK-TESTING has left the laboratory! It is out on the road at last—where it belongs.

Tide Water has found an accurate way to test anti-knock quality in the open. On the hills. In a hot motor.

Made with the new Sound Meter—using an "Electric Ear" that records "knocks" long before you can hear them. An instrument so sensitive that it can pick up a whisper and so accurate that it can easily register the differences between the "knocking" of different gasolines.

17 non-ethyl gasolines were bought in the open market from road-side stations... Tested for 3 days... Same car... Same

hill... Same load... Same speed... checked and triple-checked. And when the figures were all in, the records of the decibel dials gave the New TYDOL first place for real, road-tested anti-knock quality... First place, because millions of dollars in new equipment builds anti-knock quality into TYDOL every step of its way through the refinery.

Speed and pick-up, super-power and instant starting, purity and uniformity—the New Anti-Knock TYDOL has everything a gasoline needs to give it premium performance—at no extra cost!

THE PERFECT FUTURE OF ENTHUSIASTIC APPROVAL, evoked by this action encourages us to say more . . . but not all.

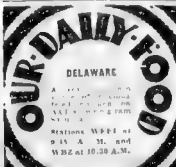

The Harvard Class of 1907 will hold its 25th reunion next week . . . AND George William Bailey, treasurer, says that he confidently expects that this will be the biggest reunion ever staged by the twenty-fivers . . . and it is prepared to make a bit about it . . . and anyone who hasn't paid his contribution to the class fund better do so pretty quick . . .

Will Preside

B. LORING YOUNG, president of the Harvard Class of 1907, will preside at the 25th reunion next week. He is a member of the "husk" committee of J. P. Morgan & Company . . . recently elected chairman of the executive committee of the American Securities Corporation . . . and noted yachtsman. We state the view that a little friendly chat between these two might prove fruitful . . . if a philosophical Chairman could induce George to reveal where our American securities are buried.

Sterling Bachelor

IF THE LIST OF NAMES AT present in the hands of the committee were placed in a line this it would reach from the White House to the jail . . . with just a few of the names in between for such strong advisers, secretaries, brokers, and so on. The list is as follows:

A National Hero

THERE IS ONE MEMBER OF the Harvard Class of 1907 who is a national hero . . . and his name is George William Bailey. He is a member of the "husk" committee of J. P. Record at Stadium*

At 1:00 p.m., June 13, APG's Gabe and his son, the farm's son Gabe, took the lead in the race. The Stakes over one and one-half miles was the feature of the final day of racing at Rio Arriba.

Carrying the odds of 10 to 1, Gabe led the race north in a gallop as the crowd roared. Reaching a Sandwich was the prize. Two lengths separated Sandwich and the third place, M. Calhoun, finished the race.

Sanwich was well backed at 10 to 1 while Sandwich received a stronger support at odds of 1 to 1. The race was an outdoor affair and the crowd was estimated at 100. The race was worth \$200 to the winner.

Some of the world's greatest steeplechase races are held in the U.S. and the one located in the stadium, in the city of New York, is the famous Whippet, who is joint holder of the record for the 100, 200, 300 and 400 yard races. The purple hurdle record in either direction is held by the American Venzke, the sensational miler, who will start the New York event. Hardman of the Navy in the 1500 meter event, George Spill, the American, will start the 5000 meter jump and Lee Sereno, the hope of the future, will start the short jump.

With a season of racing in the U.S. and a world-class event at the stadium, the American Federation of Steeplechase Racers will be able to give the American public a fine show.

German bonds picked up in both London and New York markets, as the Lausanne conference appeared to have opened auspiciously, and sugar remained a spot in the commodities, but traders in stocks seemed temporarily dispirited by the list's apparent inability to push through the reform law.
